

REPOSITORY REPORT

New Castle, Colorado

Every piece of LIHTC, demographic, market, and policy data the COHO Analytics repository carries for New Castle (Garfield County · place GEOID 0853395).

1. Identity

Place name	New Castle (town)
Place GEOID	0853395
Place type	Incorporated town
Containing county	Garfield County (FIPS 08045)
Region	Western Slope · Roaring Fork Valley
Centroid	39.577645, -107.526453
Census tract(s)	08045951902 (100% coverage)
Area	6,699,613 m² (≈6.7 km²)
QCT 2026	No (no QCT tracts in Garfield County)
DDA 2026 (county-level)	YES — Garfield County is a county-wide Non-Metro DDA (DDA_CODE: NCNTY08045N08045, DDA_TYPE: NM)
DDA 2026 (for New Castle)	YES — by inheritance.

Why New Castle is DDA-eligible even though it isn't on the HUD list by name. HUD designates DDAs at two scales: by ZIP code in metro areas (SDDA) and by entire county in non-metro areas (NM-DDA). There is no separate town-level designation. New Castle is non-metro, so the relevant designation is the county-level NM-DDA — and Garfield County IS on the 2026 NM-DDA list. **Any LIHTC project anywhere in Garfield County, including every parcel in New Castle, qualifies for the 30% basis boost under IRC §42(d)(5)(B).**

On a 9% deal with \$10M eligible basis, the DDA boost lifts qualified basis to \$13M. At ~\$0.85 credit-price-to-equity over the 10-year credit period, that translates to roughly **\$2.55M of additional equity** from the boost alone.

6. Failed LIHTC application attempts — New Castle only

Filtering the repository's failed-application records (the *.notAwarded* array in *chfa-awards-historical.json*) to New Castle and Garfield County (FIPS 08045) across calendar years 2021–2026 returns these results:

Headline finding — 0 failed deals on file for New Castle.

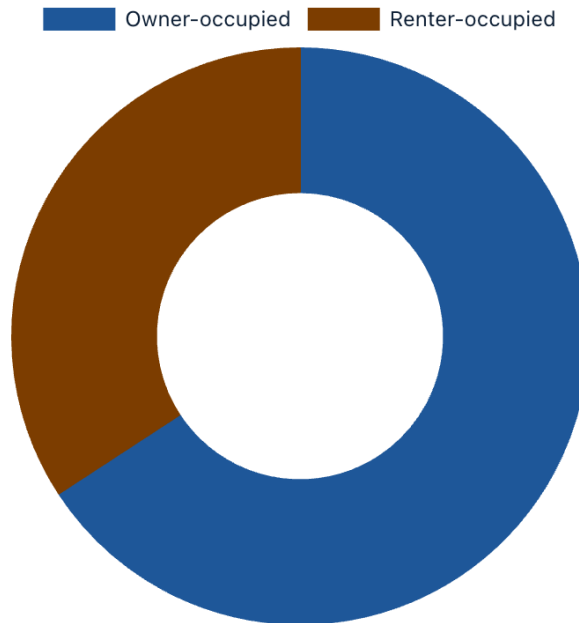

This zero is not authoritative. The repository's failure dataset is a five-row, hand-curated qualitative sample — built to feed the policy-briefs evidence panel, not a complete record of every Letter of Intent CHFA received. The authoritative LOI Reports exist as PDFs on CHFA's site; their row data is not parsed into structured form anywhere in this repository.

Sponsor-level search. The 27 awarded rows in *chfa-awards-historical.json* carry no *sponsor* field, so queries like "has Shopworks ever applied in New Castle?" cannot be answered against the current data.

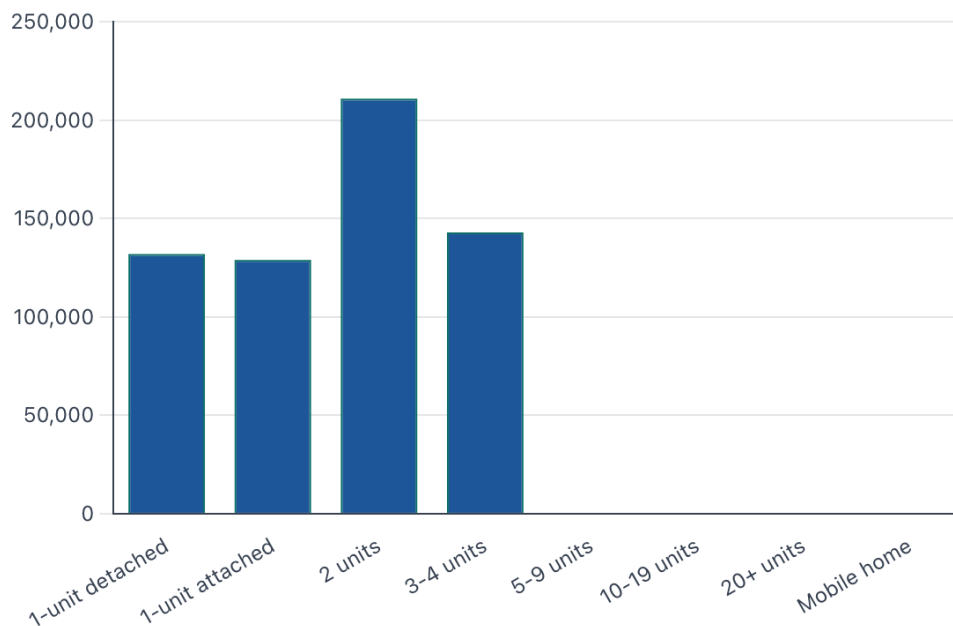

7. Charts for New Castle

The charts in this section come straight from New Castle's page on the COHO Analytics website. Only the charts that actually have New Castle-level data are shown here — charts that fell back to containing-county data (the age pyramid, senior growth pressure, population projections, the Prop 123 trackers) are deliberately left out of this report. Each chart below carries a **Geography** tag in its caption so you know exactly what the numbers reflect.
